

ENVIRONMENTAL STATEMENT

Platinum Electrical Ltd is committed to leading the industry in minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
- Meet or exceed all the environmental legislation that relates to the Company.
- Avoid the use of hazardous materials where practical and source alternative products.
- Continually improve and reduce environmental impacts.
- Reduce the need to travel, restricting to necessity trips only.
- Promote the use of travel alternatives such as e-mail or video/phone conferencing.
- Favour 'green' vehicles and maintain them rigorously to ensure ongoing efficiency.
- Only use licensed and appropriate organisations to dispose of waste.
- Involve staff in the implementation of this policy, for greater commitment and improved performance.
- Provide staff with relevant environmental training and promote environmental awareness to all employees.
- Work with suppliers, contractors and sub-contractors to improve their environmental performance.
- Use local labour and materials where available to reduce CO2 and help the community.
- Implement processes to prevent environmental Non-Conformances and ensure that we are prepared to deal with any potential environmental Emergency.
- Review and update this policy at least once annually
